(DRIBBLE)
Control the movement of the player with the joystick while tapping the dribble button
Be careful not to double dribble as you dodge past the opponents

(FREE THROW)
If you are blocked, you are given a free throw
Your score depends on how long you press the shoot button and the timing of release

(LONG SHOT)
Reverse the score by shooting long shots
Good timing in pushing and releasing the shoot button is needed for a successful shot

(DUNK SHOT)
Dash at Dale until directly under the basket
Push the shoot button while swatting out opponents blocking
A nice dunk shot!
You earned 6 more seconds and your team is on the winning side

Action all the way!!
Reverse the score
win the game.

An exciting dribbling, passing and shooting game based on the actual game of basketball
By dextrous use of the controls the players can glide past opponents, dribble into shooting positions and score winning baskets. Make the wrong split second decision and you will loose the game
Super Basketball will enable keen video game players to realize all the thrills of real basketball because of high definition video graphics and realistic player movements
